

REMARKS

Applicant thanks Examiner for the Notice of Allowance mailed August 1, 2008. Applicant hereby confirms cancellation of claims 1-26 and 39. In the final review, Applicant also noticed an error in the claim. In particular, the manifold cover and the electrolyte are coupled together to form two manifolds, but the manifold cover does not have to physically "contact" the electrolyte. Glue or some other intermediate member may be used in between the cover and the electrolyte to form the two manifolds. Applicant respectfully submits that the amendment is a minor amendment that does not require a new search.

The undersigned Xerox Corporation attorney (or agent) hereby authorizes the charging of any necessary fees, other than the issue fee, to Xerox Corporation Deposit Account No. 24-0025. This also constitutes a request for any needed extension of time and authorization to charge all fees therefor to Xerox Corporation Deposit Account No. 24-0025.

Applicant respectfully requests that Examiner call Applicant at 714 565-1158 in the event that the current claims are not in condition for allowance.

Respectfully submitted,
